

NEW HEART BEAT DEVOTIONS

“Go to the Red Cross and get the blood that gives everlasting life.”

Blood

I am a diabetic. I am to test my blood two to four times a day to see if my sugar levels are too low or high. Then I have to give myself insulin shots four times a day. About 9.3% of the population has diabetes. I hate seeing blood and I hate needles. I have been known to pass out from seeing both. It is only by the power of God that I have been able to do this. In addition, they draw blood from me once a quarter to see my A1C level and how my liver is doing. From a blood test analysis, patients may receive a report with results of the following: HDL, LDL, CRP, CBC, TSH, ESR, INR, LFT, U+E, CMP, WBC, RBC, HSC, HCT, and PLT.

“Blood performs many important functions within the human body including: Supply of oxygen to tissues. Supply of nutrients such as glucose, amino acids, and fatty acids; Removal of waste such as carbon dioxide, urea, and lactic acid; Immunological functions, including circulation of white blood cells, and detection of foreign material by antibodies; Coagulation, the response to a broken blood vessel, the conversion of blood from a liquid to a semi-solid gel to stop bleeding; Messenger functions, including the transport of hormones and the signaling of tissue damage; Regulation of body pH; Regulation of core body temperature Hydraulic functions.” [Wikipedia](#) Additionally, our very identity (DNA) is located in our blood.

When Adam and Eve sinned, God clothed them by shedding the blood of an animal. When the children of Israel were in Egypt, the angel of death passed over their dwellings, because the blood was over their door posts. God instituted various sacrifices in the Jewish law that included the blood of animals and stated: “For the life of the flesh is in the blood: and I have given it to you upon the altar to make an atonement for your souls: for it is the blood that maketh an atonement for the soul.” Lev 17:11 However, after the temple was destroyed in 70 AD, animal sacrifices by the Jews stopped. Today Passover is still observed, but without the sacrifice. Yom Kippur (the Day of Atonement) is still on the calendar, but there is not an offering made for sin. “Without shedding of blood there is no remission (forgiveness).” Heb 9:22

“For it is not possible that the blood of bulls and of goats should take away sins.” Heb 10:4 Jesus said, “For this is my blood of the new testament, which is shed for many for the remission of sins.” Matt 26:28 “The blood of Jesus Christ his Son cleanseth us from all sin.” 1 John 1:7 “Much more then, being now justified by his blood, we shall be saved from wrath through Him.” Rom 5:9 “In whom we have redemption through His blood, the forgiveness of sins, according to the riches of His grace.” Eph 1:7 “That whosoever shall call on the name of the Lord shall be saved.” Acts 2:21
