

# NEW HEART BEAT DEVOTIONS

## The Good Doctor

*A few years ago, I had to go to a specialist because I was really sick. He gave me medication and said I needed a procedure on my nose. I went back for a follow up visit and he said that I should make an appointment in six months for plans to have the procedure. I thought this man is nuts. I am not going to make an appointment. I hate all medical procedures. I cannot even stand to watch them on TV. But in six months, I got a call from that Doctor's office to come in the next day. It was a surprise to me because I did not make an appointment, but I went anyway. Again, he talked about the procedure and explained it.*

*This really troubled me even more. I had people pray. I could not get a peace about it until a few Sundays later. During the service a person sang one of my favorite calming songs "When Peace like a River". Then, as I was leaving church, a person looked me in the eyes and said hello to me. I have attended and been involved in this church for five years and I did not know who this angel like person was. I looked through the church directory and to my surprise that person was the Doctor.*

*OK Lord, I got the message. You had me go to an appointment which I did not make. After I said no way in my heart, you calmed my heart with a song and had that Doctor run into me at the end of that service. Plus you threw in a bonus. It will not cost me anything because my deductible was met for that year. Then you threw in some humor because the doctor name was Dr. Good.*
